

Structural Composites Signs 11-Year Lease in Pomona

By [Mark Heschmeyer](#)

March 7, 2011

Structural Composites Industries, a global company that manufactures containers, canisters and cases for the aerospace industry and fire departments, signed an 11-year, 173,200-square-foot manufacturing and industrial lease at 336 Enterprise Place in Pomona, CA.

The lease is valued at more than \$11 million. The expansion will be completed by mid-2011 and represents one of the largest transactions in the City of Pomona in recent years.

Barry Saywitz, president of The Saywitz Co., negotiated the transaction on behalf of the tenant. The seller, TA Realty Associates, was represented by Davis Partners.
